These *Design Guidelines* were prepared by the Historic Preservation Board with contributions from Jonathan Jeffrey, Richard Pfefferkorn and Thomason and Associates. It was updated in 2005 by the Historic Preservation Board. The purpose of the update was to correct inaccurate information, add photographs to provide examples to the user, and to update the *Guidelines* to reflect the HPB's change from a city review board to a city-county review board. It was not the intent of the 2005 update to change the "rules" of the *Guidelines*. Owners of property with Local Historic Designation were notified by mail and by advertising in the *Daily News* about the 2005 update and the public hearing which was held on June 7th, 5pm, at the HPB's regularly scheduled meeting at the offices of the Planning Commission.

Images were contributed by the National Park Service, Laura Cohen and the Historic Preservation Board.
