Site plans should include the following. The University District Review Committee may request additional information:

- Site plan, drawn to scale indicating the location and uses proposed for any and all structures. Site plan should include all parking areas, landscaping, open space, fencing and any other amenities or developments located upon the property.

Detailed layout of the interior of the building. The layout should note uses intended for various portions and the number of students to be housing in the building as well as in each individual room. The maximum number of persons permitted in common open areas, such as meetings rooms, counseling rooms, and dining rooms, based on Kentucky Building code occupancy load requirements capacity should also be included.

SIGNATURES

*These persons will be responsible for on-site compliance with originally approved site plan and current monitoring plan and will be the contact person for local officials, University, and surrounding property owners and neighbors. Signature is sworn statement acknowledging responsibility and same shall constitute irrefutable presumption of responsibility hereunder.
